

Below are your next steps after you have attend a launch call:

1. COMPLETE YOUR TEAM FORM

First things first, to have your custom registration page we need you to complete that team form! You can access the form by following the link in the initial launch call invitation we sent you.

2. LAUNCH EVENT

Please connect with your senior leadership and schedule your launch day. We love seeing creativity and big thinking woven into these events. Think about how can you make your lobby feel like a beach or a Hollywood red carpet! You want to find creative ways to get people excited to not just serve, but to also spend a week in LA.

3. INTEREST MEETING

Lock in a plan - Where is it going to be? What time? What dates? Who will be running your power point? Again, we encourage you guys to have at least 2-3 interest meetings following your Launch Event so that you can continue to build your team! Don't forget to follow the link found in your activation email to use the interest meeting keynote we have provided for these meetings.

4. GET REGISTERED

Register under your group with the custom link we sent you in your activation email. Since we have a new web platform its important that you have explored and walked through the process so that you are able to help your team get registered and set up their fundraising pages.

MORE INFORMATION

COLLECTING INTERESTS

We have launched a brand new way for you to capture your interests! Please be sure to use the text-in screen slide provided on the coordinators page on your launch day to capture your interests. All they need to do is simply text "1DayLA" to 555-888.

SERVE CENTER MODEL

We are so excited to roll out our brand new Serve Center model. Please take time to review your interest meeting keynote (which has been updated). On slide number 7 you will see the exact model on how we plan to reach an entire community!

TEAM MANAGMENT

As a Team Coordinator, you have admin access to our platform to see how your team is growing and pull exports. Please be on the look out for an email inviting you to have that access. If you have not received this automated email, please let us know by emailing coordinators@1dayla.com

[1DAYLA.COM/COORDINATORS](https://www.1DayLA.com/COORDINATORS) is now **LIVE!**
